## WON'T BE CONDEMNED

Cavalry Horses in Service in Cuba  
Must Be Retained.

Though They Do Not Come Up En-  
tirely to Requirements Still in  
Interests of Economy They  
Cannot Be Condemned.

Much complaint has been made by  
army officers in Cuba in regard to the  
horses supplied to the cavalry regiments  
in the island. Critics have asked  
themselves numerous questions. The  
quartermaster general has called  
attention to the fact that in a recent  
requisition upon his department for  
cavalry horses there were included  
horses to replace those unsuited for  
cavalry service for the reason that some  
were formerly in the artillery, others too  
heavy for cavalry, and others of color,  
but it was not represented that any  
of these animals were unserviceable.

The quartermaster general has fur-  
ther remarked that during the war  
with Spain, owing to the necessities of  
the service, some horses were pur-  
chased which did not conform strictly  
to the specifications for cavalry horses,  
and that there remained in the posses-  
sion of the quartermaster's department  
at the end of the war a number of ser-  
viceable horses which were utilized in  
filling requisitions for cavalry and ar-  
tillery horses, not always conforming  
to troop and battery colors.

He does not deem it good business  
policy nor in the interest of economy  
to the service to condemn these horses  
at this time for the reasons stated, and  
thinks all serviceable horses should be  
retained in the service until they be-  
come worn out, even if somewhat over-  
weight or off color.

Concurring in these views, the sec-  
retary of war has directed that no horses  
be inspected or condemned in the di-  
vision of Cuba unless it is clearly mani-  
fest that they are entirely unsuited for  
the service for which they are required.

## GOULDS TO BUILD.

Mrs. Howard Gould Considered Plans  
for a Fine City and Country  
Residence.

Mrs. Howard Gould is considering  
plans for two splendid houses, the  
building of which will begin when  
Mrs. Gould and her husband return  
from Europe next October. One  
house, a city residence, will cost  
\$250,000; the other, a country house,  
\$250,000. The Howard Gould town  
residence will include a spacious auto-  
mobile court. One entrance to the  
house will be a hallway on the street  
level, which will be lined with white  
marble pillars. There will be bronze  
galleries and other elegancies of  
French empire architecture, which  
Mrs. Gould is now studying.

Competitive designs for these two  
handsome dwellings were sent to Mrs.  
Howard Gould in Paris a fortnight  
ago by four noted New York archi-  
tects. It was reported she had prac-  
tically selected the town house plans  
by C. P. H. Gilbert and the country  
seat designs by Bruce Price. The  
plans will not be put in final form  
until the Goulds return.

The Howard Gould city mansion  
will be built on the south corner at  
Fifth avenue and Seventy-third street.  
Mr. Gould paid \$500,000 for the land  
two years ago and made a gift of it  
to the city. The country seat will  
be built at Sands Point, near the W.  
C. Whitney domain at Westbury, L. I.  
Mr. Gould bought an old mansion  
there last spring, and his brokers  
have just concluded purchases of a  
large tract adjoining.

## SOUTH AFRICAN CURIOS.

Webster Davis, Gathers Among Other  
Things the Skin of an Immense  
Lion Killed in That Country.

During his recent sojourn in South  
Africa Webster Davis, catching the  
contagion of curio hunting which has  
spread over the dark continent in the  
closing days of this century, picked up  
a number of interesting articles. Con-  
spicuous among them is the skin of one  
of the largest lions ever killed in that  
country and which was obtained by a  
missionary from the Kaffirs who had  
trapped and killed the king of beasts.  
Being reduced to poverty by the exist-  
ing conditions in the region where he  
lived, the missionary was compelled to  
sacrifice the much prized trophy for a  
tempting offer of British gold. This  
skin has been mounted, and with other  
interesting relics of his journey, will  
shortly be deposited in the National  
museum in cases and will be set apart  
for the Davis collection. Rifles, swords,  
cavalry saddles, and other accoutre-  
ments picked up on the battlefields of  
South Africa are included in this inter-  
esting exhibit which will be displayed  
for the information and instruction of  
visitors to Uncle Sam's museum at  
Washington.

## Warm Weather Universal.

During the past winter, which has  
been marked by uncommonly high  
temperatures in the northern hemi-  
sphere, a similar elevation of temper-  
ature appears to have occurred in the  
southern hemisphere, which, of course,  
has its summer when we have our  
winter. In South America, South Africa  
and Australia, exceedingly hot  
weather was experienced while our  
part of the world was enjoying a mild  
winter.

## Football Tactics.

Late fishing parties complain, says  
the Minneapolis Journal, that mosqui-  
toes in the northern woods have learned  
the art of backing off a couple of feet,  
getting a good start, then shutting  
their wings and legs together and tak-  
ing a dive right through the interstices  
of the netting.

## Victory at Last.

For ten long years I was a sufferer  
with kidney dyspepsia and rheuma-  
tism disease. I treated with many Col-  
umbus doctors; took patent medicine.

SURE, SAFE AND SPEEDY CURE. In

ards and W. H. Styer's. Samples free.

## PLENTY OF IT.

Lots More Proof Like This and It Is All  
From Marietta People.

"The proof of the pudding is in the  
eating of it." If any city or town in  
the Union has sufficient proof on the  
following subject it is Marietta. Gen-  
uine merit is finding its reward in the  
hearty endorsement of local citizens.  
When people right here at home,  
friends and neighbors of our readers,  
give a statement like the following for  
publication, it is proof convincing for  
the most skeptical. Read this testi-  
mony:

Mrs. R. B. Griffin, of 116 South Sec-  
ond street, says: "It would be almost  
impossible for me to give more praise  
to Doan's Kidney Pills than their merit  
deserves. I suffered for a number  
of years from severe attacks of back-  
ache and other evidences of a disor-  
dered condition of my kidneys until I  
had the great good fortune to learn of  
Doan's Kidney Pills and went to Wm.  
H. Styer's drug store, 240 Front street,  
and procured this remarkable kidney  
cure."

For sale by all dealers. Price, 50  
cents. Foster-Milburn Co., Buffalo,  
N. Y., sole agents for the United  
States.

Remember the name—Doan's—and  
take no other.

## Bees in Telephone Boxes.

The residents around the corner of  
Ralph avenue and Halsey street have  
been much excited for the past few  
days over a swarm of bees which have  
located in the box containing the con-  
necting wires of the telephone com-  
pany. An employee of the company at-  
tempted yesterday to dislodge the in-  
sects, but he had to flee before them,  
amid the merriment of a crowd of on-  
lookers. He acknowledged with pain  
that they could give more electricity  
than he was able to withstand and  
that he is willing to wait until they are  
ready to swarm. It is furnishing fun  
for the knowing ones to witness the  
people waiting for the cars at this cor-  
ner make a sudden start, at the attack  
of some roving bee, and suddenly con-  
clude to wait on some other corner.

Another electric hive has been estab-  
lished by the bees on the same kind of  
a box at the corner of Ralph and Put-  
nam avenues. Where the hundreds of  
bees came from is a mystery, as well as  
where they can find the material for  
honey, though there are many rose  
gardens in that neighborhood that may  
supply them. The boxes they occupy  
are about 10 feet above the heads of the  
passers-by.—Brooklyn Eagle.
